Light ODM

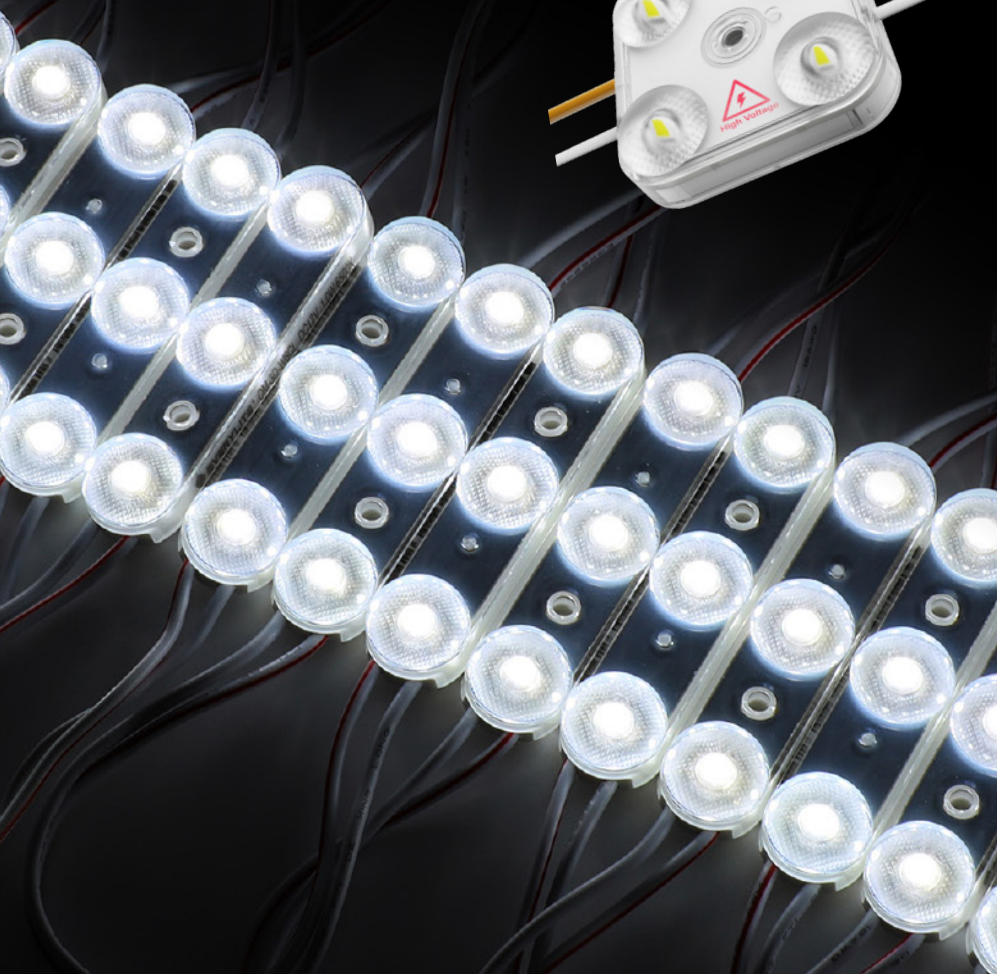

Bezel- Free IP68 Module

- ▶ Bezel-free Lens
- ▶ IP68 for DC12/DC24V
- ▶ IP67 for AC100/AC230V

Up to 180 degree

Flicker-Free AC Strip

- ▶ Wide input voltage range AC85-265V
- ▶ Certificated AC Strip

Certificate

IP Rating

90lm/w

SVM:	<0.4
PST:	≤1
THD:	<25%
Pressure resistance test:	3750V
Wave surge test:	400V/20times

Shenzhen Gklighting Co.,Ltd, established in 2010, is one of the leading high-tech enterprises which are specialized in the production and R&D of LED lighting source for LED architecture and LED signage industry.

With customers' support and teamwork for more than 13 years, we have developed into a professional leading manufacturer with over 150 people and 5,000 square meters workshop. We are also highly equipped by high speed SMT lines like Fuji, Yamaha chip shooters, and new full-auto KAPPA-L to ensure our production capacity of 1,500,000 pieces of LED modules or 500,000 meters LED strips per month.

Holding the idea of efficiency and quality coming from the profession, we have been always adhering to high profession standards faithfully and keep refining our production system according to the ISO9001:2019 quality management system and we have been upgrading our proficiency in LED industry and optimizing the outer surroundings on the base of honesty, faithfulness and pragmatism. With the best services and solutions to our customers, our products have been widely used in many areas of banks, 4S auto shops, clothing chain shops and malls etc.

With the good quality, competitive price and best service system, GKL has made an excellent industry platform for our customers and friends around the world. We are looking forward to working with you to accelerate the development of this industry and create value together.
